CAREER OBJECTIVE

Full Stack Developer with hands-on experience in Java, Spring Boot, Node.js, Express.js, React, PostgreSQL, and MongoDB. Experienced in building secure REST APIs, authentication systems, and database-driven applications, with a strong interest in developing scalable and production-ready full-stack solutions.

EDUCATION

Rungta College of Engineering and Technology (RCET), Bhilai 2023 – Present
Bachelor of Technology in Computer Science & Engineering (CSVTU) *CGPA: 8.04*

TECHNICAL SKILLS

- **Languages:** Java, JavaScript, SQL
- **Backend:** Spring Boot, Spring Security, Spring Data JPA, Node.js, Express.js, Hibernate, REST APIs, JWT Authentication
- **Frontend:** React.js, Tailwind CSS
- **Databases:** PostgreSQL, MongoDB
- **Tools:** Git, GitHub, Docker, Docker Compose, Maven, Postman, Swagger (OpenAPI), Lombok
- **Concepts:** OOPs, Data Structures & Algorithms, DBMS, RESTful API Design

PROJECTS

DevFlow — Full Stack Project Management Platform

- **Project Concept:** Developed a full-stack project and issue management platform for organizing projects, tasks, team members, and development workflows.
- **Implementation:** Built using React.js, Node.js, Express.js, and PostgreSQL with JWT-based authentication and role-based authorization. Designed RESTful APIs for project and issue management with middleware-based authentication and validation.
- **Impact & Results:** Implemented a responsive dashboard with project tracking, issue status management, filtering, and API-driven data updates using a modular full-stack architecture.

FinLedger — Financial Transaction Management Platform

- **Project Concept:** Developed a secure banking ledger backend to manage user accounts, financial transactions, income, expenses, and transaction history through RESTful APIs.
- **Implementation:** Built using Node.js, Express.js, MongoDB, JWT Authentication, and Nodemailer. Implemented secure authentication, role-based authorization, CRUD operations for financial records, and email notifications.
- **Impact & Results:** Delivered a scalable and secure backend with protected APIs, efficient financial record management, and a modular architecture following RESTful design principles.

Fitforge (Backend)

- **Project Concept:** Developed a secure fitness backend that enables user authentication, workout management, and scalable RESTful APIs for fitness applications.
- **Implementation:** Built the backend using Java, Spring Boot, Spring Security, Spring Data JPA, PostgreSQL, and Docker. Implemented JWT-based authentication, role-based authorization, and designed a layered architecture following REST API.
- **Impact & Results:** Delivered a secure and scalable backend capable of handling user authentication and fitness data efficiently, while ensuring maintainable code and simplified deployment through Docker.

CERTIFICATIONS

- **MERN Full Stack Web Development Certification (Intermediate)** – Coding Spoon (React.js, Node.js, Express.js, MongoDB, REST APIs)
- **Artificial Intelligence Machine Learning (AIML)** -– Kodezen Technologies Pvt. Ltd. (Python, Machine Learning, Deep Learning)

ACHIEVEMENTS

- **Blaze Esports** – Startup incubated at RuBI (Rungta Business Incubator), Bhilai. Organized 7+ inter-college esports events.
- **Student Ambassador, Institution's Innovation Council (IIC)** – Recognized for representing the technical student community and contributing to innovation, entrepreneurship, and technology-driven campus initiatives.

POSITIONS OF RESPONSIBILITY

- **Operational Lead, Blaze Esports** – Managed core logistics, budget planning, and resource coordination for cross-college tech and gaming events.
- **Student Ambassador, Institution's Innovation Council (IIC)** – Acted as a bridge between the student community and administration to deploy and support campus-wide technical events (Jan 2025 – Nov 2025).
- **Core Member, Event Organisation & Management Team** – Spearheaded the planning, crowd flow control, and overall execution strategy for major departmental and institutional activities.

SOFT SKILLS

Communication, Leadership, Public Speaking, Team Collaboration, Problem Solving, Adaptability.
